

# BUILD A SMARTER NETWORK WITH ARUBA

**aruba**  
a Hewlett Packard  
Enterprise company

Your small and medium business is constantly evolving. You need the best networking solution - one that is faster, more reliable, and easier to manage - so you can focus on your business, not managing your network.

## Get the highest-performing wireless for today's most challenging use cases.

### WIRELESS ACCESS YOU CAN ALWAYS COUNT ON.

Aruba wireless solutions deliver the flexibility and high performance to meet the needs of any midsize business or high-density enterprise.

### WIRED NETWORKING THAT'S A WHOLE LOT SMARTER.

Aruba's next generation access and aggregation switches provide the high-speed infrastructure and backbone for moving traffic intelligently from the edge to the core.

### VISIBILITY AND CONTROL FOR YOUR WAN.

Aruba's software-defined WAN (SD-WAN) solution provides WAN routing that is simple to deploy and manage - and saves time and money.

# GET COMPLETE VISIBILITY AND IDENTIFY ALL THE DEVICES ON YOUR NETWORK.

## PROTECT YOUR ORGANIZATION, FROM THE INSIDE OUT.

With 360 degrees of active cyber protection, Aruba ClearPass and IntroSpect provide the visibility and network access control needed for today's digital workplace.

## CENTRALIZED NETWORK OPERATIONS.

Get granular visibility into users, devices, and apps running on your WLAN, LAN, and SD-WAN to deliver the performance and reliability your business demands.

## POWER AND SIMPLICITY OF CLOUD-MANAGED NETWORKING.

Advanced analytics services and connectivity health, as well as easy to use guest access help IT deliver unmatched experiences, while improving efficiencies.

Aruba is the smarter, better networking solution that allows you to quickly and reliably build your network your way. Contact us today to help you find the right Aruba solution for your business!
